**Re: Expanding Flexible Use of the 12.2-12.7 GHz Band, WT Docket No. 20-443;
Expanding Use of the 12.7-13.25 GHz Band for Mobile Broadband or Other
Expanded Use, GN Docket No. 22-352**

Dear Ms. Dortch:

On May 11, 2023, participants in the 5G for 12 GHz Coalition (“Coalition”) and the undersigned counsel of INCOMPAS met with representatives from the offices of Chairwoman Rosenworcel and Commissioners Carr and Simington, and conducted a virtual meeting with the Wireless Telecommunications Bureau to discuss the public draft of the *Report and Order and Further Notice of Proposed Rulemaking and Notice of Proposed Rulemaking and Order* (“12 GHz Order and FNPRM”) in the above-referenced proceedings. A full list of the meeting attendees is provided in Attachment A.

During the meeting, the Coalition expressed interest in the Commission’s continued efforts to explore proposals to make the best and most efficient use of the 12.2-12.7 and 12.7-13.25 GHz bands in order to bridge the digital divide, increase competition, deliver next generation services to consumers and spur U.S. leadership in wireless.

If you have any questions about this filing, please feel free to contact me.

Respectfully submitted,

/s/ Christopher L. Shipley
