The Honorable Josh Becker  
1021 O Street, Suite 7250  
Sacramento, CA 95814

**RE: SB 942 (Becker) – CA AI Transparency Act – Removing Opposition**

Dear Senator Becker,

In light of recent amendments, TechNet and the following organizations are proud to remove our opposition to **SB 942**. We are now neutral on the bill.

We greatly appreciate your willingness to engage in a thoughtful dialogue and consider our concerns. While this bill sets ambitious standards that will require significant investment and in some cases innovation, the amendments and delayed implementation mitigate our concerns regarding the technical feasibility of the requirements and their potential unintended impact on the integrity of the covered AI systems.

Thank you for your consideration. If you have any questions regarding our position, please contact Dylan Hoffman, Executive Director, at [dhoffman@technet.org](mailto:dhoffman@technet.org) or 505-402-5738.

Sincerely,

Dylan Hoffman  
Executive Director for California and the Southwest, TechNet

Ronak Daylami, California Chamber of Commerce  
Naomi Padron, Computer & Communications Industry Association  
Carl Szabo, NetChoice
