The Honorable Jared Polis
Colorado Legislature
200 Colfax Ave
Denver, CO 80203

Re: SB 25B-004 - (Support)

Dear Governor Polis:

On behalf of the Computer & Communications Industry Association (CCIA), I write to respectfully support SB25B-004, which will provide additional time to thoughtfully address SB24-205 and develop a solution that both strengthens consumer protections and preserves Colorado's innovation economy.

CCIA is an international, not-for-profit trade association representing a broad cross-section of communications and technology firms.¹ Proposed regulations on the interstate provision of digital services therefore can have a significant impact on CCIA members.

We appreciate the Legislature's willingness to provide more time to work on the legislation passed last year that would have placed an immense burden on all businesses in Colorado. We welcome the opportunity to continue discussions with policy makers and stakeholders to find a solution that is workable for the business community while also providing robust consumer protections. CCIA asks to be included in these conversations and is committed to finding a solution.

Governor Polis's willingness to confront these challenging issues is admirable. Colorado continues to lead in the AI innovation space, and signing this bill will allow the state to further leverage its unique position as a national leader in responsible technology development and deployment.

* * * * *

We appreciate the Governor's consideration of these comments and stand ready to provide additional information as the state of Colorado considers proposals related to technology policy.

Sincerely,

Aodhan Downey
State Policy Manager, West
Computer & Communications Industry Association

¹ For more than 50 years, CCIA has promoted open markets, open systems, and open networks. CCIA members employ more than 1.6 million workers, invest more than \$100 billion in research and development, and contribute trillions of dollars in productivity to the global economy. A list of CCIA members is available at <https://www.ccianet.org/members>.
